

Mohamed Talbi

FULL STACK WEB DEVELOPER

mtalbi29@yahoo.com | [GitHub](#) | [LinkedIn](#) | [Portfolio](#)

SUMMARY

Experienced Full Stack developer with a strong foundation in React, Redux, Javascript, and Tailwind CSS. Delivered efficient real world web applications while working collaboratively with other developers at Microverse online school. Mentored two junior developers, resulting in an increase in their project completion rate and overall productivity. Skilled in remote workflows, collaboration, and communication, and committed to being a dedicated team player who consistently contributes to the success of the team.

SKILLS

Front-End: JavaScript, React, Redux, HTML5, CSS3, Bootstrap, and TailwindCSS.

Back-End: Ruby, Rails, Nodejs, MySQL.

Tools & Methods: Git, GitHub, Mobile/Responsive Development, Webpack.

Professional: Remote Pair-Programming, Teamwork.

EXPERIENCE

MICROVERSE

Remote

Mentor

Dec, 2022 – Present

- Mentored two junior web developers, providing technical support and guidance through code reviews to improve their skills and knowledge in web development.
- Proposed and implemented improvements to code organization that helped reduce code duplication rate from 20% to 5% and cyclomatic complexity from 50 to 10.
- Provided tips on maintaining motivation to maintain longevity in the program, resulting in an average completion rate of 90% for students under my guidance.

HIGHLIGHTED PERSONAL PROJECTS

Remote

Full Stack Web Development

May, 2022 – Mar, 2023

[SpendWise](#) — Developed a Ruby on Rails application that helps users keep track of their expenses by providing a user-friendly interface.

- Built with: Ruby, Ruby On Rails, ERB, PostgreSQL, and JavaScript.

[League Challengers Tracker](#) — Developed a React and Redux project that aims to highlight the current leaderboard in challenger rank in the League of Legends game.

- Built with: React.js, Redux.js, SCSS, and JavaScript.

[YouTube videos downloader](#) — Developed a Windows GUI application that allows users to download youtube videos from a link. It also provides you the option to choose the video quality, where to save the downloaded video, and to cancel the download operation at any time.

- Built with: C# and .NET Framework.

EDUCATION

MICROVERSE

Sep, 2022 – May, 2023

Remote Full Stack Web Development Program, Full Time

- Spent 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.
- Developed skills in remote pair-programming using GitHub, industry-standard gitflow, and daily standups to communicate and collaborate with international remote developers.
